EDUCATION

B. Tech (CSE)	2020-2024	Maharaja Surajmal Institute of Technology	9.372 cgpa
CBSE (Class XII)	2020	Maharaja Agarsain Public School	95.8%
CBSE (Class X)	2018	Maharaja Agarsain Public School	95.2%

EXPERIENCE

Web Developer Intern,

July 2022 - Sep 2022

Rise Retail and Payments Sol. Pvt. Ltd. | [Certificate](#)

- Led the development of a dynamic Forum portal, providing consumers with a user-friendly platform to seek assistance, ask questions, and find solutions. This initiative bolstered customer satisfaction and **reduced query resolution times by 20%**.
- Designed and executed a comprehensive service completion module using **PHP** and **MySQL**. This module enabled retailers to efficiently manage consumer service records, enhancing transparency and accountability across the company.
- Pioneered the creation of a sophisticated Delivery webpage catering to dairy product retailers and consumers. Leveraging **PHP**, and **MYSQL**, the webpage facilitated real-time updates on product delivery statuses.

PROJECTS

PORTFOLIO | [Live](#) | [Github](#)

- Engineered a captivating portfolio website using **ReactJs** and enriched it with comprehensive project details, highlighting skills and accomplishments
- Leveraged the power of **Tailwind CSS** to meticulously style the website, resulting in a polished and responsive user interface that effectively presents your entire profile and projects.

CHIKITSAK [Live](#) | [Github](#)

- Revolutionized healthcare access with CHIKITSAK, a cutting-edge doctor appointment web application built on the MERN stack. Seamlessly connecting patients and medical professionals, it offers **user-friendly doctor profiles, appointment scheduling, and an admin portal** for efficient practice management.

INTERNSHIP STATUS | [Live](#) | [Github](#)

- Created a full-stack web app using the MERN stack to facilitate tracking and management of internship statuses.
- Designed database schema, developed RESTful API, implemented user Registration, and deployed on Render.

COURSEWORK / SKILLS

- DSA
- DBMS
- Operating System
- OOPS
- Web Dev
- Blockchain

TECHNICAL SKILLS

- Languages:** C, C++, Solidity, JavaScript, PHP
- Developer Tools:** VS Code, Remix
- Technologies/Framework:** Linux, Github, Reactjs, Redux, NodeJs, ExpressJs, Git, Mongo

ACHIEVEMENTS

- 1000+ Points in GeeksForGeeks Problem Solving | [Link](#)
- 400+ Problems Solved in GeeksForGeeks. | [Link](#)
- 1800+ Rating in LeetCode Contest | [Link](#)

CERTIFICATIONS

- Etherium Blockchain Developer bootcamp with solidity(Udemy) | [Link](#)
- Web Development Masterclass Online Certification course(Udemy) | [Link](#)
