EDUCATION

B. Tech (CSE)	2020-2024	Maharaja Surajmal Institute of Technology	9.372 cgpa
CBSE (Class XII)	2020	Maharaja Agarsain Public School	95.8%
CBSE (Class X)	2018	Maharaja Agarsain Public School	95.2%

EXPERIENCE

Software Engineer Intern,   *Sept 2023 – Present*
Veersa Technologies
- Used **vanilla JavaScript** to develop complex UI workflows.
- Improved accessibility in the application by implementing design patterns and guidelines.

Web Developer Intern,   *July 2022 – Sep 2022*
Rise Retail and Payments Sol. Pvt. Ltd. | *Certificate*
- Led the development of a dynamic Forum portal, providing consumers with a user-friendly platform to seek assistance, ask questions, and find solutions. This initiative bolstered customer satisfaction and r**educed query resolution times by 20%.**
- Designed and executed a comprehensive service completion module using **PHP** and **MySQL**. This module enabled retailers to efficiently manage consumer service records, enhancing transparency and accountability across the company.
- Pioneered the creation of a sophisticated Delivery webpage catering to dairy product retailers and consumers. Leveraging **PHP**, and **MYSQL**, the webpage facilitated real-time updates on product delivery statuses.

PROJECTS

Online Shopping Website *Live* / *Github*
- Engineered a dynamic Online Shopping Website leveraging the **MERN Stack**, meticulously crafted with an elegant design using **Tailwind CSS**.
- Implemented an efficient and responsive cart system, seamlessly integrating state management through **Redux Toolkit** for a smooth and intuitive shopping experience.
- Devised and implemented custom **Middleware in Node.js** to ensure secure and robust admin authorization, enhancing the platform's administrative functionalities.

CHIKITSAK *Live* / *Github*
- Revolutionized healthcare access with CHIKITSAK, a cutting-edge doctor appointment web application built on the **MERN stack**.
- Seamlessly connecting patients and medical professionals, it offers **user-friendly doctor profiles**, **appointment scheduling**, and **an admin portal** for efficient practice management.

COURSEWORK / SKILLS

- **DSA**
- **OOPS**
- **DBMS**
- **Web Dev**
- **Operating System**
- **Blockchain**

TECHNICAL SKILLS

- **Languages**: C, C++, Solidity, JavaScript, typescript, PHP
- **Developer Tools**: VS Code, Remix
- **Technologies/Framework**: Github, Reactjs, NextJs, NodeJs, ExpressJs, Git, Mongo, MySQL

ACHIEVEMENTS

- 1000+ Points in GeeksForGeeks / *Link*
- 400+ Problems Solved in GeeksForGeeks. | *Link*
- 1750+ Rating in LeetCode Contest | Top 9 Percentile | Highest 1806 Rating top 7.5 Percentile | *Link*
